

HELLO AND THANK YOU FOR COMING
TO OUR ASSEMBLY!

We are very excited to share some ideas we
have come up with to help our school!

But first, we would like to introduce ourselves!

Year 2: Oliver and Poppy

Year 3: Theodore and Annie

Year 4: Sadie, Flo and Elle

Year 5: Joshua and Jessica Fox

Year 6: Ruby, Erin and Hermione

Y6 Super Councillors: Noah, Annabelle, Oscar and Freddie

What do we want to do for our school?

Well, we have questioned a few people in our school, and we have collected some really good ideas:

- New Diamonds and outdoor equipment for all ages
- Nature Day once every term (each time would be a different theme)
- New recycling and compost bins from the council
- A suggestion box (more about that in a minute)

Suggestion Box!

We have come up with a good idea where, each week, we will put out a big box called a Suggestion Box where you can put ideas to help our school, these are in each classroom!

We have got to remember not to put in silly ideas, (we can't have a school rollercoaster!) This is why we have decided to all have one class box. Only put ideas in your free time.

Ideas

You will soon see some changes to our outdoor area.

We are hoping to open the Spirituality garden soon, but you have to look after it, it is a calm space for people to chat and reflect.

ANY IDEAS

We have a few ideas,

- like to turn off the lights when it's lunch time
- to have a litter picker
- Collecting the compost

Us super councillors plan to help the school in every possible way and so do our councillors from year 2 and up.

Please help us with all our ideas and be patient, we can't do it all at once.

We are trying as hard as we can to make a difference!

THANKS

- Thank you for listening.
- It's the most we could have asked for.
