**Greenfield**

## **Safeguarding Policy**

**Last Review Autumn 2022**

**Next review:** As appropriate in relation to any changes in legislation or policy.  
This policy will stand until the next review.

**'We enjoy learning and achieving in a Christian environment'**

**ST MARY'S C.E. (A) PRIMARY SCHOOL**  
**GREENFIELD**

**CURRENT SAFEGUARDING POLICY**

*'Follow my decrees and be careful to obey laws, and you will live safely in the land. Then the land will yield its fruit, and you will eat your fill and live there in safety.'*  
Leviticus 25: 18-19

**Mission Statement**

We enjoy learning and achieving in a Christian environment.

**Equality Statement**

This policy and procedure is subject to The Equality Act 2010 which recognises the following categories of individual as Protected Characteristics: Age, Gender Reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion and Belief, Sex (gender), Sexual orientation and Disability.

**KCSIE**

This policy and procedure is subject to the statutory safeguarding and child protection guidance for schools in England, Keeping Children Safe in Education (KCSIE, DFE 2022) which outlines a child-centered and coordinated approach to safeguarding. Safeguarding and promoting the welfare of children is everyone's responsibility and every person who comes into contact with children in whatever capacity has a role to play. They should therefore consider, at all times, what is in the best interests of the child and take prompt action where necessary.

**Introduction**

This policy applies to all staff, governors and volunteers working at St Mary's C.E. (A) Primary School and takes into account statutory guidance provided by the Department for Education and local guidance issued at [www.oldham.gov.uk/lscb-home](http://www.oldham.gov.uk/lscb-home) by Oldham Local Safeguarding Children Board (LSCB).

Through the publication of our Safeguarding Policy we will ensure that all parents/carers are made aware of our responsibilities with regard to child protection, including how we safeguard and promote the welfare of children.

## **Safeguarding**

Schools and their staff are an important part of the wider safeguarding system for children (see statutory guidance - *Working Together to Safeguard Children* March 2015). Safeguarding should be child centred in its focus and coordinated in its approach. At St Mary's we recognise that the actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play - no single professional can have a full picture of a child's needs and circumstances.

## **Definitions**

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment
- preventing impairment of children's mental and physical health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes

Safeguarding is not just about protecting children from deliberate harm. It also relates to aspects of school life including:

- pupils' health and safety
- the use of reasonable force
- meeting the needs of children with medical conditions
- providing First Aid
- educational visits
- intimate care
- e-safety including responsible use of the Internet
- appropriate arrangements to ensure school security, taking into account the local context

Safeguarding can involve a range of potential issues such as:

- bullying, including cyber bullying (via text message, social networking sites etc) and prejudice based bullying
- child missing from education
- child missing from home or care
- child sexual exploitation (CSE)
- domestic abuse, including domestic violence
- drugs
- e-safety
- fabricated or induced illness
- faith abuse
- female genital mutilation (FGM)
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG)
- 'honour-based' violence
- mental health
- private fostering

- preventing radicalisation and extremism (*Prevent* strategy)
- racist, homophobic or transphobic abuse
- Self-harm and suicidal behaviour
- Sexting
- Teenage relationship
- child on child abuse

At St Mary's, our ethos is based on the understanding that effective safeguarding is achieved only by putting children at the centre of a system where we listen to their voice and hear what they say. Every individual within school plays their part, including working with professionals from external agencies, to meet the needs of our most vulnerable children and keep them safe.

Led by the Governors, the Head Teacher and Senior Leadership Team, our school aims to provide a safe environment and vigilant culture within which children and young people can learn and be kept safe from harm. We respond with appropriate action and in a timely manner to safeguard those children who may need help because they are suffering, or are likely to suffer, significant harm.

Where staff or other adults in school are required to raise a concern, this should be brought to the Designated Safeguarding Lead who will coordinate a response. This is the Head Teacher. Concerns may be raised directly with the children's social care via the Multi-Agency Safeguarding Hub (MASH) Team on 0161-770 7777 but we advocate contact with the Head Teacher first.

There are five main elements to our policy:

1. providing a safe environment in which children can learn and develop
2. ensuring we practise safe recruitment in checking the suitability of staff and volunteers to work with children
3. developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse
4. supporting pupils who have been abused or harmed in accordance with their Child Protection Plan
5. raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe

## Equality Statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- have special educational needs (SEN) or disabilities
- are young carers
- may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- have English as a second language
- are known to be living in difficult situation – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- are at risk of FGM, sexual exploitation, forced marriage or radicalisation
- are asylum seekers
- are at risk due to either their own or a family member's mental health needs
- are looked after or previously looked after

## Legislation and Statutory Guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2022\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils

- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the "2018 Childcare Disqualification Regulations") and [Childcare Act 2006](#), which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).
- Oldham LSCB Child Protection procedures and guidance including:
  - Thresholds for Assessment
  - Making a Child Protection Referral
  - Early Help Framework & Protocol for Assessment

## **Roles and Responsibilities**

### **The Governing Body**

Members of the governing body share a collective responsibility for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day to day safeguarding practices by:

- Approving this policy at each review to ensure it complies with the law and will hold the Headteacher to account for its implementation
- Appointing a Link Governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.
- The chair of governors acting as a 'case manager' in the event that an allegation of abuse is made against the Headteacher, where appropriate (see appendix )
- reading Keeping Children Safe in Education

### **The Head Teacher**

The headteacher is responsible for the implementation of this policy, including:

- ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- communicating this policy to parents when their child joins the school and via the school website
- ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Actions as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix )
- Ensuring the relevant staffing ratios are met, where applicable

- Making sure each child in the Early Years Foundation Stage is assigned a key person
- Ensuring the policy is updated annually and made available publicly either via the school website or by other means

### **Designated Safeguarding Lead (Head Teacher)**

At St. Mary's school the Designated Safeguarding Lead is the Head Teacher, Suzanne Hall. The DSL takes lead responsibility for child protection and wider safeguarding.

Deputy Designated Safeguarding Lead is the Deputy Head Teacher, Ryan Selby and Karen Blackburn, member of the SLT is also trained at this level.

He/she will always be the first point of reference for any safeguarding or child protection issue in the school. In his/her absence, issues and concerns should be referred to the Deputy Designated Safeguarding Lead (Deputy Head Teacher).

We do not expect our Designated Safeguarding Lead to be an 'expert' in recognising and dealing with suspected child abuse. The school's task is to report matters relating to Child Protection/Safeguarding to the relevant authorities including the police and children's social care. School should not carry out investigations of itself.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. Out of school hours, the DSL can be contacted by the head's mobile and/or email.

At St. Mary's the Designated Safeguarding Lead will seek to:

- Manage and co-ordinate action in cases of child abuse or allegations within school and with outside agencies.
- Refer all cases of suspected abuse to Oldham Multi-Agency Safeguarding Hub (MASH) and to the Police if a crime may have been committed.
- Liaising with Local Authority safeguarding advisors for guidance, support and training.
- Act as a source of support, advice and consultation for the staff and outside agencies about particular children and when deciding whether to make a referral or following up from one.
- Relay and communicate information to appropriate staff.
- Keep information regarding children with child protection plans, informing staff appropriately.
- Pass on information when children transfer to another school
- Liaise with other agencies, providing early help services and coordinating referrals from school to targeted early help services for children in need of support
- Monitor any cases referred to early help and refer to children's services where the situation does not improve.
- Refer cases to the Channel programme where there are concerns about radicalisation
- Maintaining accurate records
- Ensure that staff are aware of "what to look for".
- Undertake appropriate and regular safeguarding training to update knowledge skills
- Arrange ongoing whole school awareness raising and staff development with regard to child protection including receiving updates e.g. via email, staff bulletins and staff meetings as required but at least annually.
- Ensure the induction process makes new staff and volunteers aware of school child protection and key safeguarding policies and includes information about the name and contact details of the Designated Safeguarding Lead and Deputy Designated Safeguarding Lead.
- Maintain an overview of all children about whom there are concerns i.e. subject to a child protection plan, or if there are notes in the concerns file.
- Be proactive in identifying suitable training course that would develop and enhance their knowledge and attend any relevant training courses.
- Ensure the school's safeguarding and child protection policy is updated and reviewed annually, and work with the governing body regarding this.

Upon receipt of a child protection concern the Designated Safeguarding Lead will:

- Check for any existing records on the family/child i.e. does the child have an existing child protection plan or been subject to one previously. School uses the CPOMS system to record and track any safeguarding concerns.
- Review any previous referrals to statutory services.
- Record any contact with partner agencies/ professionals about the family.

- Ensure written records of concerns are kept, even if there is no immediate need for referral; and monitored (see appendices for appropriate record keeping forms).
- Ensure that all child protection records are marked as such and kept securely locked.
- Ensure the absence of children under a Child Protection Plan is being monitored for possible child protection concerns. Any absence from school of such children should be recorded and reported immediately to children's social care via the MASH Team.

### **Whole staff - teaching and non-teaching, volunteers and others working in school**

At St. Mary's the responsibilities of the whole staff, both teaching and non-teaching, volunteers and others working in school are to:

- Will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct outlined in the staff handbook, the role and identity of the designated safeguarding lead (DSL) and deputies, the behavior policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation
- Attend any in-school meetings where appropriate.
- Monitor any vulnerable child who is in their care.
- Implement a protection plan for any child on the "Child with a Protection Plan Register".
- Ensure that all children are treated with appropriate sensitivity and respect.
- Be generally aware of the possible indicators of abuse.
- Keep confidential any sensitive information which has been shared with them.

## **Recognising abuse and taking action**

### **What to do if a disclosure is made/staff have a suspicion**

At St. Mary's, staff will follow the guidance given for individuals in Appendix 1 and the school will then follow the in-school procedures for child protection which can be found in Appendix 2, following the advice of the local council. Any concern should be discussed in the first instance with Designated Safeguarding Lead (the Head Teacher), as soon as possible. Appendix 3 outlines indications of abuse for staff to be aware of when monitoring children.

### **If a child is in immediate danger or is at risk of harm, a referral should be made to children's social care and/or the police immediately using the guidance leaflet Making a Child Protection Referral (OLSCB 2016). Anyone can make a referral**

The departmental advice *What to do if you are worried a child is being abused – Advice for Practitioners* provides more information on understanding and identifying abuse and neglect. The NSPCC website also provides useful additional information on types of abuse and what to look for.

Where referrals are not made by the Designated Safeguarding Lead, the Designated Safeguarding Lead should be informed as soon as possible.

### **Recording and Storing Information**

All concerns should be recorded in writing on our CPOMS system. Every member of staff has their own log in details and can access the system. If you are not registered with CPOMS, please speak to the DSL who will assist you.

All back ups of the CPOMS system confidential information relating to pupils is stored in a locked cabinet in the Head Teacher's office. Only the Designated Safeguarding Lead and Deputy Designated Safeguarding Lead have access to this material. Key holders reserve the right to confidentiality of any child.

The Designated Safeguarding Lead keeps an incident sheet in which any concerns are noted. This may help to identify patterns and advise actions.

### **Confidentiality - Sharing information**

Timely information sharing is essential to effective safeguarding. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children.

The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk.

Relevant information will be shared only on a "need to know" basis, with appropriate staff who have regular contact with the pupil concerned. Once any information has, of necessity, been shared with a member of staff, that member of staff must undertake not to discuss the information with anyone who is not in possession of the same information. If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead (or deputy in their absence)

A separate incident/concerns sheet is held by the Designated Safeguarding Lead in which daily concerns can be noted and to which every member of staff can contribute. The Designated Safeguarding Lead will check this information weekly to try to identify any emerging patterns of concerns and track recurring anxieties relating to individual children to see if any further action needs to be taken.

If a child transfers to another school, the following action will be taken:

- St Mary's will inform the receiving school that they have had safeguarding concerns and that they will need to request a transfer following registration at their new school. They will inform the school that they have CPOMS and that the information will be transferred securely from this. If the receiving school does not have CPOMS, a chronology will be printed off on the system and sent via recorded delivery to the receiving school
- If the child is on the "Child with a Protection Plan Register" a meeting will be held between Designated Safeguarding Leads from both schools in order to transfer information. If possible, both Designated Safeguarding Lead will attend the next case review. The child's social worker will be informed.
- If a child is not on the "Child with a Protection Plan Register", but has been, or there are grave concerns, a note will accompany the child's information to the new school, indicating that the Designated Safeguarding Lead is available for informal discussions with the receiving school. Original Child Protection records should be retained by school for a period of 25 years from the date of birth of the child (this could be a chronology sheet including key action taken by the school to support the child). Copy of chronology will be sent to the receiving school.

If a child on the "Child with a Protection Plan Register", or about whom a school has concerns "disappears", the school will refer the matter urgently to children's social care via the MASH Team and will also inform the School Attendance Service if no further information can be found.

### **Recognising abuse and taking action**

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue. Please note – in this and subsequent sections, you should take any references to the DSL to mean 'the DSL (or Deputy DSL)

#### **If a child is suffering or likely to suffer harm, or in immediate danger**

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL as soon as possible if you make a referral directly.

You can make a referral by

- Email: [child.mash@oldham.gov.uk](mailto:child.mash@oldham.gov.uk) (children)
- **On-line referral** - [Multi-Agency Safeguarding Hub \(MASH\) Referral](#) - to report concerns about the welfare or well-being of a child, young person or to request Early Help Services.

### **Immediate response to the pupil**

If a child chooses to tell a member of staff about alleged abuse, there are a number of actions that staff will undertake to support the child. It is vital that our actions do not prejudice further enquiries.

#### **If a disclosure is made:**

- Accept what the pupil says. Listen to and believe them Allow them time to talk freely and do not ask leading questions
- Stay calm, try to remain impassive in response to the disclosure,
- Use open questions such as, "Yes...?" or "And...?"
- Acknowledge how hard it was for the pupil to tell you. Tell the child they have done the right thing in telling you. Do not tell them that they should have done it sooner.
- Do not criticise the perpetrator, the pupil might have a relationship with them.
- Do not compromise confidentiality, reassure the pupil that they have done the right thing, explain who you will have to tell (the Designated Safeguarding Lead) and why; and what the next stage will be. It is important that you avoid making promise that you cannot keep such as, "I'll stay with you all the time," or "It will be all right now."
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Add this information to CPOMS and alert the DSL through this system.
- The Designated Safeguarding Lead will be immediately informed, unless the disclosure has been made to them.

### **Recording information**

- Please complete the In School Monitoring Concern Sheet in Appendix 1 within 24 hours.
- Record the context of the disclosure that concern facts and not assumption or interpretation.
- If it is observation of bruising or an injury try to record detail, e.g. *right arm above elbow* - **do not take photographic evidence.**
- Note the non-verbal behaviour and the key words in the language used by the pupil (try not to translate into "proper terms")
- Add this document to the CPOMS system and signal to alert the DSL on the system so that they can review the information.

### **If you discover that FGM has taken place or a pupils is at risk of FGM**

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs". FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a pupil under 18 must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a pupil under 18 must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is at risk of FGM or FGM is suspected

but is not known to have been carried out. **Staff should not examine pupils.**

### **If you have concerns about extremism**

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the SLT and or see advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate. Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's care team.

The Department of Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism. You can also email [counter.extremism@education.gov.uk](mailto:counter.extremism@education.gov.uk). Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- > Think someone is in immediate danger
- > Think someone may be planning to travel to join an extremist group
- > See or hear something that may be terrorist-related

### **If you have a mental health concern**

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

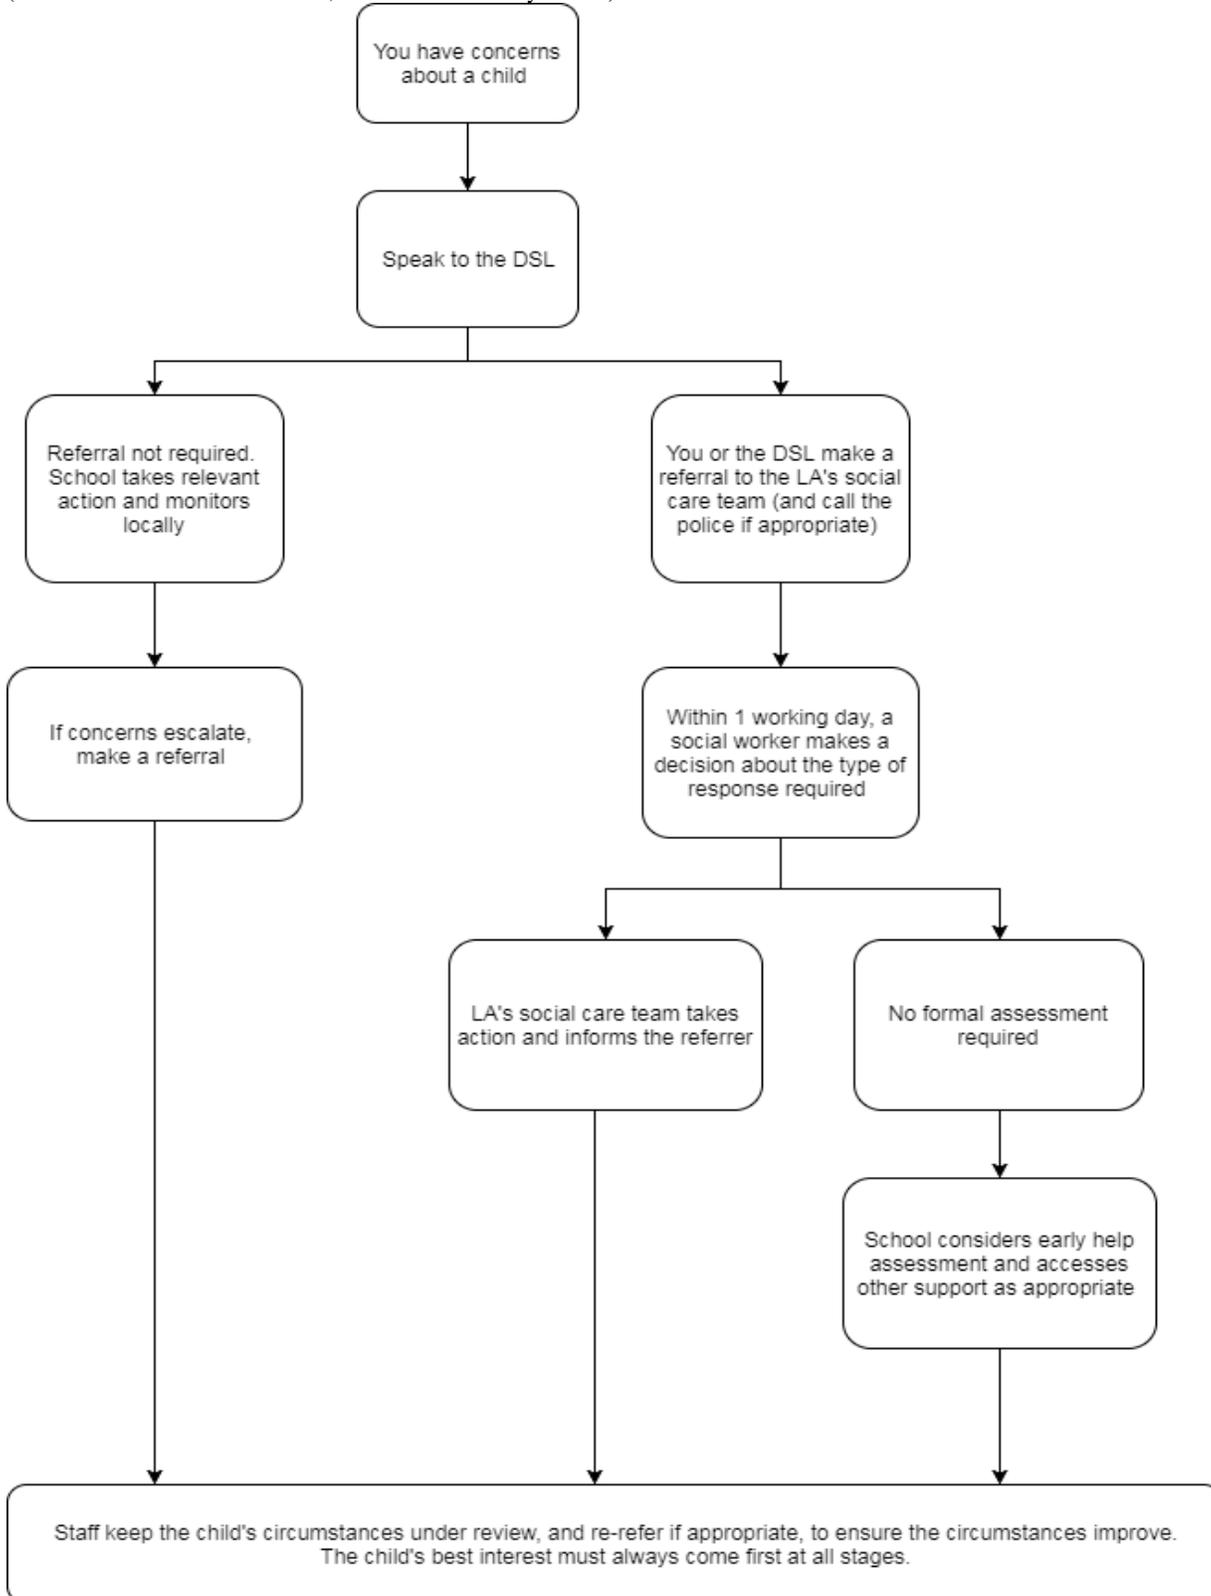

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps outlined in the flow chart

If you have a mental health concern that is not also a safeguarding concern, speak to the DSL to agree a course of action.

**Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)**

(Note – if the DSL is unavailable, this should not delay action.)

## **Safer Workforce and Managing Allegations Against Staff and Volunteers**

All staff will be subjected to safeguarding checks in line with statutory guidance (Keeping Children Safe in Education, September 2016).

We will ensure that:

- Agencies and third parties supplying staff provide us with evidence that they have made the appropriate level of safeguarding checks on individuals working in our school
- That any agency worker presenting for work is the same person on whom the checks have been made
- Every job description and person specification has a clear statement about the safeguarding responsibilities of the post holder
- At least one member of every interview panel has completed Safer Recruitment training

We will follow LA procedures (LSCB) for investigating any allegations made against members of staff, students and volunteers. Any allegations of abuse made against a teacher or other member of staff or volunteer in school should be dealt with very quickly, in a fair and consistent way that provides effective protection for the child and at the same time supports the person who is the subject of the allegation. Issues of concerns should be reported to the Headteacher or the next most senior member of staff who should contact the Local Authority Designated Officer (LADO) Colette Morris on 0161 770 8870. In the event of an allegation of abuse being made against the Headteacher, allegations should be reported to the Chair of Governors and directly to the local authority.

Procedures to follow can be found in Appendix 3

## **Allegations of abuse against other pupils**

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse. However, all child on child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of child on child abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images

- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

## **Sexting**

### **Your responsibilities when responding to an incident**

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

### **Initial review meeting**

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult

- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

### **Further review by the DSL**

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

### **Informing parents**

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

### **Referring to the police**

If it is necessary to refer an incident to the police, this will be done through a police community support officer, local neighbourhood police or dialling dialling 101, if they are unavailable.

### **Recording incidents**

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording incidents of sexting.

### **Curriculum coverage**

Pupils are taught about the issues surrounding sexting as part of our [relationships education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

### **Notifying Parents**

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure. Other staff will only talk to parents about any such concerns following

consultation with the DSL. If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

### **Pupils with special educational needs and disabilities**

We recognize that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognizing abuse and neglect in this group including:

- Assumptions that indicators of possible abuse such as behavior, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted on by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in overcoming these barriers

Pastoral support sessions can be available for SEN children where appropriate and this will be decided upon on a case by case basis.

### **Pupils with a social worker**

Pupils may need a social worker due to safeguarding or welfare needs. We recognize that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behavior and mental health.

The DSL and all members of staff will work with and support social workers to help protect the vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to authorized absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

### **Staff Induction, Training and Development**

All new members of staff including newly qualified Teachers, Teaching Assistants and student teachers will be given an Induction that includes familiarisation with the safeguarding and child protection policy, staff code of conduct, how to respond to any concerns, E-Safety and use of Social Media. Accurate records of staff induction and training will be kept.

All staff will be made aware of Keeping Children Safe in Education: Statutory Guidance (Sept 2016) and other related policies. We will ensure that all staff understand the difference between a safeguarding concern and a child in immediate danger or at risk of significant harm. All staff will receive appropriate safeguarding and child protection training which is regularly updated.

The DSL will undergo updated child protection training every two years. In addition, knowledge and skills should be updated on an ongoing basis, to keep up with developments relevant to the role.

The nominated governor for safeguarding and child protection will also attend relevant training.

### **Looked after and previously looked after children**

We will ensure that staff have the skills, knowledge and understanding to keep looked after children and previously looked after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after status, contact arrangements with birth parents or those with parent responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual heads

We have appointed a designated teacher, Mrs S M Hall Headteacher, who is responsible for promoting the educational achievement of looked after children and previously looked after children in line with statutory guidance.

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked after and previously looked after children are quickly and effectively responded to
- Work with the virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked after children and meet the needs identified in their personal education plans

### **Contractors, Service and Activity Providers and Work Placement Providers**

We will ensure that contractors and providers are aware of our school's Safeguarding and Child

Protection Policy and procedures. We will require that employees and volunteers provided by these organisations use our procedures to report concerns. We will seek assurance that employees and volunteers provided by these organisations who are working with our children have been subject to the appropriate level of safeguarding checks.

### **Site Security**

All staff have a responsibility for reporting concerns to ensure our school building and grounds are safe and secure.

We check the identity of all visitors and volunteers coming into our school. Visitors are expected to sign in and out at the office and to display a visitor's badge whilst on site. Any individual who is not known or identifiable will be challenged for clarification and reassurance.

St Mary's will not accept inappropriate behaviour from any individual, parent or visitor that threatens school security or leads to a child, staff member or other adult feeling unsafe. Such behaviour will be treated as a serious concern and the police may be called. It may also result in a decision to refuse the person future access to the school site.

### **Complaints and concerns about school safeguarding policies**

#### **Complaints against staff**

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff

#### **Other Complaints**

All other complaints will be dealt with in accordance with our complaints policy

#### **Whistleblowing**

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so. All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary they should speak to the nominated safeguarding governor who will contact the Designated Safeguarding Lead, if appropriate, or contact the LADO. Should staff not feel able to raise concerns they can call the NSPCC whistleblowing helpline on 0800 028 0285.

#### **Record Keeping**

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. School uses the CPOMS system to record all safeguarding concerns. If you are in any doubt about whether to record something, discuss it with the DSL.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that the other school are informed that all information is requested to be transferred through CPOMS. If the school to which the child is transferring is not a CPOMS school, the DSL will print off the appropriate records and chronology and ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

## **Training**

All staff members will undertake safeguarding and child protection training at induction, including on whistleblowing procedures to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. The training will be regularly updated and will be in line with advice from 3 safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins, and staff meetings) as required, but at least annually.

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years. In addition, they will update their knowledge and skills at regular intervals and at least annually.

They will also undertake Prevent awareness training.

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

## **Monitoring arrangements**

This policy will be reviewed annually by Mrs S M Hall, Headteacher. At every review it will be approved by the RE, Pastoral and Worship Committee.

## **Links with Other Policies**

This policy links to the following policies and procedures:

- Behaviour
- Staff Code of Conduct
- Complaints
- Health and Safety
- Attendance
- Online Safety
- Sex and Relationship Education
- First Aid
- Whistleblowing
- IT acceptable use

## **Definitions of Abuse – Keeping Children Safe in Education September 2016**

### **Abuse**

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those

known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

### **Physical Abuse**

Physical Abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

### **Emotional Abuse**

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

### **Sexual Abuse**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (e.g. rape, buggery or oral sex) or non-penetrative acts such as masturbating, kissing, rubbing and touching outside of clothing. They may include non-contact activities, such as involving children in looking at, or the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

### **Neglect**

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **Children With Special Educational Needs and Disabilities (SEND)**

The school recognises that pupils with SEND can face additional safeguarding challenges, and understands that further barriers may exist when determining abuse and neglect in this group of pupils. Staff will be aware of the following:

- Certain indicators of abuse such as behaviour, mood and injury may relate to the pupil's disability without further exploration
- Pupils with SEND can be disproportionately impacted by things like bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.

### **On-line Safety (Use of ICT, the Internet and Social Media)**

The use of technology has become a significant component of many safeguarding issues. In cases of CSE, radicalisation and sexual grooming, technology often provides the platform that facilitates harm. Guidelines about the use of mobile technology in school are outlined in our Acceptable Use Policy. Our E-Safety policy and curriculum aims to ensure pupils know how to keep themselves safe and are aware of:

- Content - being exposed to illegal, inappropriate or harmful material
- Contact - being subjected to harmful online interaction with other users
- Conduct - personal online behaviour that increases the likelihood of harm
- Raising Concerns - know who to talk to and how to report concerns e.g. Click CEOP

Staff are encouraged to report any concerns if they believe that children are using the internet, mobile technology or social media inappropriately (e.g. sexting). In these instances the DSL should contact the LA for advice on how to proceed with regards to talking to parents/carers about online-safety. In some extreme cases the Police may become involved if a child is at risk of exploitation due to their use of the internet or social media. (See E-Safety policy)

### **Children Missing From Education**

A child going missing from education is a potential indicator of abuse or neglect, particularly on repeat occasions. All schools must inform the local authority of any pupil who:

- Fails to attend School regularly, or has been absent without the school's permission for a continuous period of 10 days or more, or are in default of an agreement between the school and Local Authority.
- Has been removed from school and where the school is informed by parents that they intend to educate their child outside of the school system e.g. home education.
- Has ceased to attend school and no longer lives within reasonable distance of the school at which they are registered.
- Has been certified by the school medical officer as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend school.
- Has been permanently excluded.

The local authority must be notified so that all children missing education can be identified.

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protections procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

### **Children and Families With English as an Additional Language or New to the UK**

For children and families where English is not the first language, there is an increased risk of needs going unmet due to language barriers. Where English is not the first language and/or a child is considered to be vulnerable, efforts should always be made by staff to actively engage with them by talking directly to them about their wishes and feelings; if necessary through the use of an interpreter.

### **Child Criminal Exploitation (CCE)**

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunities to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

### **Child Sexual Exploitation (CSE)**

Child Sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police if appropriate.

### **Domestic Abuse**

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Exposure to domestic abuse can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (DSL) before the child or children arrive at school the following day. This procedure is called Operation Compass.

The DSL will provide support according to the child's needs and update records about their circumstances.

### **Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputies will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity.

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's care.

### **Child on child abuse**

We recognise that children are capable of abusing their peers Abuse will never be tolerated or passed off as 'banter' or 'part of growing up'.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil, the member of staff or adult must tell the DSL and record the allegation in the same way should a disclosure be made. The DSL will then review the case and contact the local authority children's social care team and follow its advice, as well as the police if the allegation involved a potential criminal offence.

### **Children at Risk of Honour- Based Abuse (HBA)**

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and community, including Female Genital Mutilation (FGM), forced marriage and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and should be handled and escalated as such. Staff should always share any concerns with the designated person who will activate local safeguarding procedures.

### **Female Genital Mutilation (FGM)**

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family members disclosing that FGM has been carried out.
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
  - o Having difficulty walking, sitting or standing, or looking uncomfortable
  - o Finding it hard to sit still for long periods of time (where this was not a problem previously)
  - o Spending longer than normal in the bathroom or toilet due to difficulties urinating
  - o Having frequent urinary, menstrual or stomach problems
  - o Avoiding physical exercise or missing PE
  - o Being repeatedly absent from school, or absent for a prolonged period
  - o Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour

- o Being reluctant to undergo any medical examinations
- o Asking for help, but not being explicit about the problem
- o Talking about pain or discomfort between the legs

Potential signs that a pupil may be at risk of FGM

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already known to social care in relation to other safeguarding issues
- A girl:
  - o Having a mother, older sibling or cousin who has undergone FGM
  - o Having limited level of integration within UK society
  - o Confiding to a professional that she is to have a 'special procedure' or to attend a special occasion to 'become a woman'
  - o Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for prolonged period
  - o Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
  - o Talking about FGM in conversation – for example, a girl may tell other children about it
  - o Being unexpectedly absent from school
  - o Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

### **Forced Marriage**

A forced marriage is one in which at least one participant does not (or cannot) consent to the marriage and pressure or abuse is used. It is recognised in the UK as a serious abuse of human rights. The pressure put on people to marry against their will can be physical (including threats of violence, actual physical violence and sexual violence) or emotional and psychological (e.g. shame and coercion). Financial abuse can also be a factor. Whilst it is unlikely that primary-age pupils will be the victims of forced marriage, they may disclose that older siblings or parents are at risk. Staff should report any concerns to the DSL who will notify the LSCB.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or [fm@fco.gov.uk](mailto:fm@fco.gov.uk)
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

### **Preventing Radicalisation**

- Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- Terrorism is an action that:
  - o Endangers or causes serious violence to a person/people;
  - o Causes serious damage to property; or
  - o Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training with our local safeguarding partners and local police force.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour

The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong

If staff are concerned about a pupil, they will follow the usual safeguarding procedures and inform the DSL

Staff should always take action if they are worried

### **Fabricated or Induced Illness**

Absences from school are common and occur for many reasons including legitimate medical and hospital appointments. If fabricated or induced illness by a carer is suspected, schools should verify the reasons for the child's absences. They should also determine whether reported illness is being used by the child, for example, to avoid lessons or being bullied. Such concerns should not be dismissed as they have an impact on pupils' behaviour and academic performance. Staff must remain open-minded to all possible explanations.

Staff should be aware of children seeking medical/health attention with unusual and puzzling symptoms that are not attributable to any diseases and yet which do not involve deliberate fabrication or deception. Concerns may be raised through health professionals or other agencies in contact with a child. In cases of suspected fabricated or Induced Illness, discussing concerns with parents or carers prior to making a referral may place the child at increased risk. It is in the child's best interest that the parents/carers are not informed of the referral at this stage. A multi-agency decision of when and how parents will be informed of concerns will need to be made at a strategy meeting.

### **Self-Harm and Suicidal Behaviour**

Self-harm, self-mutilation, eating disorders, suicide threats and gestures by a child must always be taken seriously and may be indicative of a serious mental or emotional health issue. Any concerns should be reported to the DSL and where appropriate a referral made to school health or other agency.

## **Private Fostering**

Parents and carers often fail to notify schools about private fostering arrangements even though they are legally required to notify Children's Services. Often this is because they are unaware of the requirements. They believe that this is a private family arrangement which does not concern anybody else. This lack of awareness means that many privately fostered children remain hidden and can be vulnerable.

**Definition:** Private fostering occurs when a child under 16 (or 18 if the child is disabled) is cared for and lives with an adult who is not a relative for 28 days or more. Private fostering is a private arrangement made by the parent(s) or those with parental responsibility, for someone to care for their child because they are unable to do so (permanently or temporarily). This may be due to e.g. parental ill health, a parent going abroad or in prison, a child being bought to the UK to study English or the relationship between the child and parent has broken down.

School staff play an essential role in identifying privately fostered children. If you know a child is being privately fostered you should notify the DSL, who should advise the parent/carer that they have a legal obligation to report the arrangement to Children's Social Care. The DSL will ensure this is followed up with Children Social Care and the arrangement is assessed, approved and monitored.

**Upskirting is a form of peer-on-peer abuse** – is a criminal offence. Upskirting is typically when a photograph is taken under a person's clothing without them knowing, for sexual gratification or to cause the victim humiliation, distress or alarm

## **Sexting**

Sexting involves sending or receiving a sexual text, image or video. Sexting among children and young people can be a common occurrence, where they often describe these incidents as 'mundane'. The DSL should record all incidents of sexting. This should include both the actions taken and the actions not taken, together with justifications. In applying judgement to the sexting incident the following should be considered:

- Significant age difference between the sender/receiver involved.
- If there is any external coercion involved or encouragement beyond the sender/receiver.
- If you recognise the child as more vulnerable than is usual.
- If the image is of a severe or extreme nature.
- If the situation is not isolated and the image has been more widely distributed.
- If this is not the first time children have been involved in a sexting act.
- If other knowledge of either the sender or recipient may add cause for concern.

If these characteristics present a cause for concern then the incident should be escalated. If not, the situation should be managed accordingly, recording details of the incident, action and resolution. (See CEOP website for further information)

## **Allegations of Abuse Made Against Other Children**

When an allegation is made by a pupil against another pupil, members of staff should consider whether the complaint raises a safeguarding concern. If there is a safeguarding concern the DSL should be informed.

A factual record should be made of the allegation, but no attempt at this stage should be made to investigate the circumstances. The DSL should contact the LSCB to discuss the case and take advice. The DSL will follow through the outcomes of the discussion and make a record of the concern, the discussion and any outcome. If the allegation indicates a potential criminal offence has taken place, the police should be contacted at the earliest opportunity and parents informed (of both the pupil being complained about and the alleged victim). If after taking advice a referral to the police or Social Care is not deemed appropriate, school should carry out a full investigation of the matter. If school considers a safeguarding risk is present, a risk assessment should be prepared along with a preventative, supervision plan. The plan should be monitored and a date set for a follow-up evaluation with everyone concerned. – See Appendix 4 for further detail.

## **Non-collection of children**

If a child is not collected at the end of the session/day, we will:

1. Contact the registered persons in order of priority given by the parent/guardian to arrange collection according to the parents arranged plan.

2. Inform the child sensitively that there has been a delay and that you are arranging for someone to look after them until their parent arrives. If there is information available regarding a potential explanation i.e. local traffic difficulties/security alerts etc. give appropriately considering the child's age/maturity etc. Reassure them throughout the process.
3. 2 members of staff to remain at the school until a nominated adult arrives to take responsibility for the child.
4. Establish the identity of any adult arriving to take the child if unknown to the school and/or the child.
5. Inform the Headteacher of the school, if not done so already.
6. If no contact person is available to take responsibility for the child contact the Duty Social Worker (DSW) to arrange emergency care.
7. Complete an incident form obtaining signature from the Designated Social Worker taking the child.
8. Leave verbal and/or written messages for the parent/guardian informing them the course of action taken and the location of their child.

Note that no specific time frame is given for this sequence of events and is left to the discretion of the Senior Staff Member. It was agreed that circumstances may vary for any potential incidents and common sense must be employed. All staff agreed that their priority would be to remain with the child as long as practically possible until a registered adult is available.

### **Early Help for Children and Families**

Most parents can look after their children without the need of help other than from their family or friends. However, some parents may need additional help from school or other services e.g. health services. Providing help early is more effective in promoting the welfare of children than reacting later. Our school will work together with other agencies to provide a coordinated offer of early help, to any child who needs it, in line with Working Together to Safeguard Children 2015.

We will pool our knowledge within school and with other agencies so that we can work out how best to help children and families. We will work closely with early help services and Children's Social Care if we feel families need more support and input, or children are at risk of harm.

### **LSCB Thresholds for Intervention and the Continuum of Need**

In order to support decision making processes and in an attempt to provide some guidance to school staff, reference can be made to the LSCB 'Thresholds Guidance'. Thresholds are the tipping points that define what assessments / interventions should be undertaken with children, young people and their families. The use of threshold is the starting point for a dialogue between relevant agencies that focuses on the child's and families' needs in order to decide what the best course of action is. The LSCB Thresholds Guidance can be found online at [www.oldham.gov.uk/lscb-home](http://www.oldham.gov.uk/lscb-home).

### **School Safe System**

A 'School Safe' system operates between Oldham schools for the swift communication of child protection incidents reported on or close to school premises. Information will be shared with staff and with parents when necessary. School staff are expected to be vigilant and report any concerns or incidents on or close to school premises immediately to the DSL. The DSL will report any concerns and incidents to the police and notify Oldham First Response. All school staff will be informed to ensure ongoing vigilance.

### **Physical Intervention Procedures**

There may be times when staff in our school, in the course of their duty, use physical intervention to restrain children for their own personal safety and the safety of others. The Headteacher requires the adult involved in any such incident to report this to her immediately. Details of the incident will be recorded in an interventions book which is located in the Headteacher's office.

### **Staff Training**

At St. Mary's we ensure that:

- All new staff are made aware of the Safeguarding Policy and Child Protection Policy and all procedures included therein.

- All staff will be regularly updated by the Designated Safeguarding Lead of any changes in procedure.
- Every three years, all staff will undertake Child Protection Training led by the Safeguarding Advisor for Schools.
- The Designated Safeguarding Lead and Deputy Designated Safeguarding Lead (at least two senior staff) receive training every two years in line with DCSF guidance *Safeguarding Children and Safer Recruitment in Education*.
- The Designated Safeguarding Lead will report annually to governors concerning policy/training.
- The Deputy Designated Safeguarding Lead will receive sufficient development information/training from the Designated Safeguarding Lead.
- The Designated Safeguarding Lead is released to attend relevant training.
- The Designated Safeguarding Lead will ensure that relevant training information is disseminated to all staff including receiving updates e.g. via email, staff bulletins and staff meetings as required but at least annually.

#### Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff. They will be briefed that they are not to use their mobile phone whilst on the premises. If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's lanyard with the appropriate colour.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

#### **Information for Parents**

The following statement appears in the school prospectus, informing parents of the school's duty in respect of Child Protection:

#### **PROTECTING CHILDREN FROM ABUSE**

**Parents should be aware that the school will take any reasonable action to ensure the safety of pupils. Where the school is concerned that a child may be the subject of ill-treatment, neglect or other forms of abuse, staff must follow Oldham Child Protection Procedures and concerns must be reported to children's social care via the Multi-Agency Safeguarding (MASH) Team. Parents will be informed unless sexual abuse is suspected and/or where there is considered to be a risk to the child by doing so.**

This statement is also displayed on the school notice board and on the school website.

#### **Work in School**

The school will make use of any LA resources to encourage its development as a "listening" school". We pride ourselves on being a friendly and approachable staff team and all children are encouraged to discuss issues/concerns with their class teacher, another teacher they get on well with or the Head Teacher. All staff should ensure that they are approachable and sympathetic to Child Protection issues.

Child Protection issues may also be discussed as they arise e.g. Stranger Danger, Bullying etc. A PSHCE timetable, incorporating SEAL themes, is in place that includes Sex and Relationships Education and is followed, on a half termly basis, by all staff in lessons and in assembly time.

### **Concerns about a staff member or volunteer**

In the event of an allegation made against staff all incidents will be reported to the LADO (Local Authority Designated Officer at the Safeguarding Children team – Colette Morris 0161 770 8870 [colette.morris@oldham.gov.uk](mailto:colette.morris@oldham.gov.uk)). See Appendix

### **Keeping up to date**

For up to date information on safeguarding issues, please refer to Oldham's Local Safeguarding Children Board's website [www.oldham.gov.uk/lscb-home](http://www.oldham.gov.uk/lscb-home)

**Next review:** Autumn 2023 or as appropriate in relation to any changes in legislation or policy. This policy will stand until the next review.

**Appendix 1**

**In School Monitoring Concerns Form**

**Logging a concern about a child's safety and welfare**

Part 1 (for use by any staff)

<b>Pupil's Name:</b>	<b>Date of Birth:</b>	<b>FORM:</b>
<b>Date and Time of Incident:</b>	<b>Date and Time (of writing):</b>	
<b>Name:</b> .....		
<b>Print</b>	<b>Signature</b>	
<b>Job Title:</b>		
<b>Note the reason(s) for recording the incident. Note also if this is your own concern or you are passing on those of someone else,</b>		
<b>Record the following factually: Who? What (if recording a verbal disclosure by a child use their words)? Where? When (date and time of incident)? Any witnesses?</b>		
<b>Have you spoken to the child? If so, what was said? Please try and write the details down word for word including what questions you asked the child and what the response was. Do not make assumptions. Write down the facts.</b>		
<b>Professional opinion where relevant (how and why might this have happened).</b>		
<b>Note actions, including names of anyone to whom your information was passed.</b>		
<b>Any other relevant information (distinguish between fact and opinion).</b>		

**Check to make sure your report is clear to someone else reading it.  
Please pass this form to your Designated Safeguarding Lead (Head Teacher)**

# In School Monitoring Concerns Form

Part 2 (for use by Designated Safeguarding Lead)

<b>Time and date information received by DSL, and from whom.</b>	
<b>Any advice sought by DP (date, time, name, role, organisation and advice given).</b>	
<b>Action taken (referral to MASH/children's social care/monitoring advice given to appropriate staff etc.) with reasons.  Note time, date, names, who information shared with and when etc.</b>	
<b>Parent's informed Y/N and reasons.</b>	
<b>Outcome Record names of individuals/agencies who have given information regarding outcome of any referral (if made).</b>	
<b>Where can additional information regarding child/incident be found (eg pupil file, serious incident book)?</b>	
<b>Should a concern/confidential file be commenced if there is not already one? Why?</b>	
<b>Signed</b>	
<b>Printed Name</b>	

# External Monitoring Concerns Form

**Logging concerns/information shared by others external to the school (Pass to Designated Safeguarding Lead)**

<b>Pupil's Name:</b>	<b>Date of Birth:</b> <b>FORM:</b>
<b>Date and Time of Incident:</b>	<b>Date and Time of receipt of information:</b> <b>Via letter / telephone etc?</b>
<b>Recipient (and role) of information:</b>	
<b>Name of caller/provider of information:</b>	
<b>Organisation/agency/role:</b>	
<b>Contact details (telephone number/address/e-mail)</b>	
<b>Relationship to the child/family:</b>	
<b>Information received:</b>	
<b>Actions/Recommendations for the school:</b>	
<b>Outcome:</b>	
<b>Name:</b>	
<b>Signature:</b>	
<b>Date and time completed:</b>	
<b>Countersigned by Designated Safeguarding Lead</b>	
<b>Name:</b>	
<b>Date and time:</b>
